

NORMAN

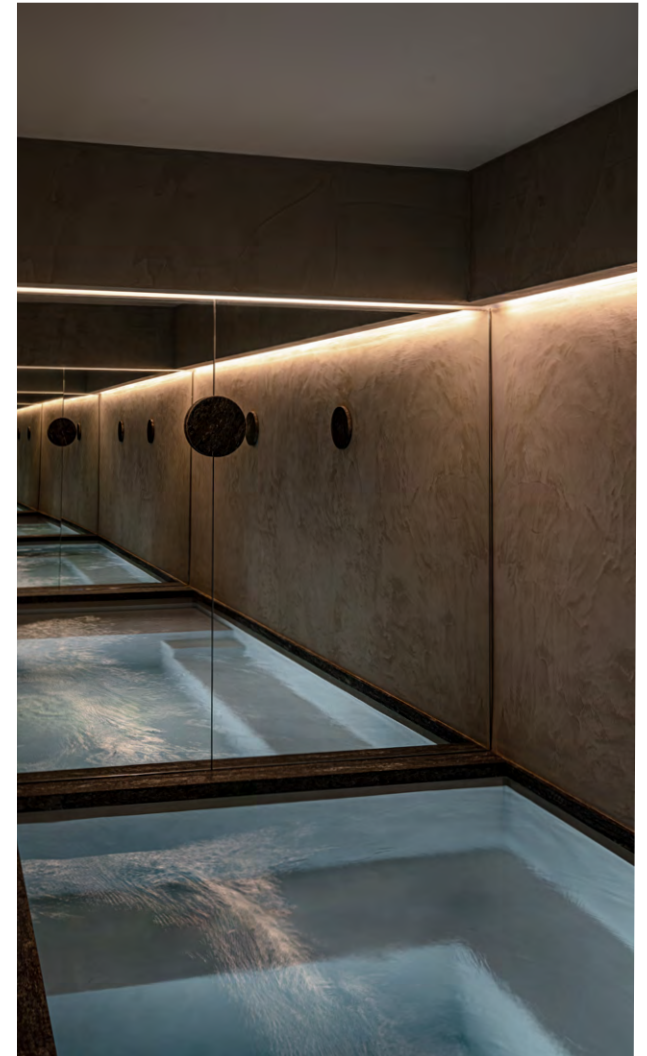

hôtel

A vibrant rendez-vous by the Champs Élysées

Inspired by the refined Paris of the 1960s, graphic arts and the work of Norman Ives, Norman is a new luxury boutique hotel of only 37 rooms and suites located by the top of the Champs Élysées and Arc de Triomphe.

Set in a resolutely contemporary building, it offers a sophisticated and warm atmosphere. It is an open invitation to travelers from all over the world and Parisians to meet and share moments at the bar, the restaurant and the spa.
